AIT (Asian Institute of Technology) is in collaboration with HKUST to organize the “100 Innovations & 100 Entrepreneurs Conference” in Bangkok, Thailand. This event brings together social and technology innovations and entrepreneurs from the industry, academics, development agencies, and NGOs in a dynamic environment to build and create unique collaborations with positive impacts to the communities.

➢ Conference Themes
  - IoT
  - Big Data
  - Blockchain
  - Business Intelligence
  - Deep/Machine Learning
  - Green Technology
  - FinTech/InsurTech
  - Robotics
  - Social Media
  - Smart City
  - Sustainable Development Goals

Note 2 (Day 2) - B.E.S.T. Camp (Business, Engineering and Science Students Ideate Together)

➢ This is an Ideation camp to motivate students to work in groups and come up with creative solutions and new business models to solve pain points of sectors relate to the themes around Social, Business and Technology innovations for waste reduction and circular economy

➢ It is expected that about 10 Students will participate from each of the following University:
  - HKUST
  - Asian Institute of Technology (AIT)
  - National University of Singapore (NUS)

➢ To enhance cross-cultural and cross-disciplinary exposure, groups would be formed by mixed members from the participating schools which also facilitates bonding

➢ Judges from successful startups will offer valuable feedbacks to students
Note 3 (Day 3) - Meet with Leaders in Thailand’s Entrepreneurship Community

- **Morning:** To strengthen students’ exposure to the startup space of Thailand, AIT (Asian Institute of Technology) and its partner Thailand Tech Startup Association (TTSA) will invite experienced entrepreneurs to share their insights about the region’s entrepreneurship ecosystem.

- **Afternoon:** Bond building and cultural activities between students of the participating schools in Bangkok city.
